KhandakerZoadPial

KhandakerZoadPial

As a computer science graduate, I love diving into technology and programming. I'm all about learning, often choosing long tutorial videos over movies to improve my skills. I specialize in Django and web development, where I create sleek and functional solutions. I enjoy tackling new challenges and pushing the limits of what's possible in tech. With my curiosity and innovative mindset, I turn ideas into reality through code.

## Skills:

Python

Django

HTML

CSS

Bootstrap

Ajax

BeautifulSoup

Version Control

Deployment

Excel

Capsule Network

Pandas

Open CV

## Experience

### Fiverr
